ORTHODONTIC LABORATORY

Quality and Precision since 1982

You deserve **MORE** from your Orthodontic Laboratory...  
...and we want to deliver it!

## More Scope ...

... to meet your emergency requirements, or simply to keep up with the ever-increasing demand for well-designed and crafted orthodontic appliances and study models.

To this end we have expanded our team of in-house orthodontic technicians, so that we can fulfil your needs at any time, using our experience and expertise, delivering to your specification, schedule and standards.

We work in partnership with clinicians realising their expectations and helping to grow their business.

## More Attention...

... to maintaining the highest professional standards, incorporating up-to-date techniques, training and materials, that comply with best practice as recognised by orthodontists.

Locally and nationally, from the private and public sector, the calibre of our clinicians and their loyalty over the years, bears witness to the attention we pay to them.

Striving for excellence is paramount to our working philosophy and business ethic.
